Suggested test expectations

• Flag 'revolutionary' and 'perfect' as prohibited exaggerated language.

• Flag 'collaboration hub' and 'login' as terminology violations.

• Flag 'guarantees 100% uptime' and 'guaranteed to be the fastest' as unsupported absolute claims.

• Flag the $9 price because it conflicts with the approved $12 monthly price.

• Flag the onboarding claim because the approved evidence is limited to 24 test participants.

• Flag the employee count because it conflicts with the approved fact sheet.

• Flag 'Click here' as an unclear link label.
